

THE INDUSTRY'S

FIRST LIVE MILEAGE

SERVICE RETENTION PLAN

Watch Your Service Retention Numbers Skyrocket!

The AVAS program allows dealerships to utilize the industry's first real-time solution to reach their customers with automated marketing campaigns based off of actual, not projected mileage. Imagine providing service offers tied directly to the manufacturers service recommendations. Think of how much time this will save your dealership by automating your marketing. Now imagine how many RO's it will generate!

DEALER INTELLIGENCE

AVAS is a industry first technology that offers New & Used Automotive Dealers a solution to automate their daily operations with software intelligence. View live vehicle data on your main lot inventory, create profit centers for your finance departments & capitalize on up to 5 years of service retention with our live mileage marketing & VIP Rewards program.
